INSTRUCTIONS:

- See reverse of form for definitions of "TYPE OF ACTIVITY."
- Survey must be completed on a daily basis for the entire survey month. Enter the amount of time spent performing each type of activity during your regular work hours in the column for that day (OT and the earning of CTO are coded to General Administration).
- Draw a vertical line through all columns representing days that are unpaid days (regular days off and unpaid leave).
- Record all of your time in 15 minute increments. If using fractions, use 1/4, 2/4, and 3/4 to record partial-hour increments. If using decimals, use .25, .50, and .75 to record partial-hour increments.
- At the end of each day, total each column in the "TOTAL HOURS" box at the bottom of the column. Each day's total must equal hours worked per day.
- At the end of the month, total all boxes in each row and record the sum in the "TOTAL" box at the right margin. Total amounts and record the sum in the box at the bottom-right corner.
- The sum in the bottom-right corner must equal the sum of the bottom row. Sign and date your survey on the last working day of the month and give it to your supervisor.

TYPE OF ACTIVITY DESCRIPTIONS

Other Programs/Activities

Time spent on activities unrelated to the administration of the Medi-Cal program, e.g., community service; education programs; program planning and policy development (PP&PD) for non-Medi-Cal programs; and/or Childhood Lead Poisoning Prevention Program administrative activities and case management; **non-Medi-Cal** Healthy Families application activities. Include time spent giving or receiving training not related to the Medi-Cal program.

Direct Patient Care

Time spent providing direct physical or mental health services to patients. Include time spent giving or receiving training related to the provision of a Medi-Cal service.

Medi-Cal Outreach (A) (Not Discounted)

A campaign, program, or ongoing activity that is **targeted to**: (1) bringing potential eligibles into the Medi-Cal system for the purpose of determining Medi-Cal eligibility; or (2) bringing Medi-Cal eligible people into Medi-Cal services. This includes the giving or receiving of training related to "Medi-Cal Outreach (A)." Outreach A activities are campaigns, programs, or ongoing activities that are **directed toward**: (1) the general population for the purpose of providing information about the Medi-Cal program in order to encourage those individuals who may be eligible for Medi-Cal to apply for Medi-Cal; or (2) bringing Medi-Cal eligibles into specific Medi-Cal covered services.

Medi-Cal Outreach (B1), (B2), and (B3) (Discounted)

Outreach B activities are campaigns, programs, or ongoing activities that are **directed toward** bringing both Medi-Cal and non-Medi-Cal persons into health care services. This includes the giving or receiving of training related to "Medi-Cal Outreach (B)." Costs must be reduced or **discounted** by the appropriate Medi-Cal percent since the activity benefits or involves both Medi-Cal and non-Medi-Cal populations. Examples include: (1) campaigns directed toward bringing high-risk populations into health care services covered by Medi-Cal; (2) telephone, walk-in, or drop-in services for the purpose of informing or referring persons to services covered by Medi-Cal; and (3) the Medi-Cal health education component that is included as a part of a broader general health education program.

NOTE: Medi-Cal Outreach B1: Used when the Medi-Cal discount percentage methodology is the actual Medi-Cal client count or a Department of Health Services (DHS) approved methodology other than the county-wide average. The method must be described in the approved claiming plan.

Medi-Cal Outreach B2: Used when the approved discounting methodology is the county-wide Medi-Cal average, published by the State DHS.

Medi-Cal Outreach B3: Used when the approved discounting methodology is the CalWORKS adjusted/unadjusted or DHS Tape Match.
